

THE GOLD STANDARD · BY HANNAH GOLDY

SUPPLEMENT GUIDE

Optional — supplements support a solid nutrition plan, they never replace it

HANNAH'S LIST

SUPPLEMENT	NOTES
Protein powder	Helps hit daily protein targets
Creatine monohydrate	Strength and muscle support
Electrolytes	Hannah loves the Rocket Pop Liquid IV — mixed into a big water bottle every morning
Caffeine (pre-workout)	Training energy
Omega-3 fish oil	Overall health
Vitamin D	Daily support
B12	Daily support
Daily multivitamin	Covers the basics
Magnesium	Recovery support
GABA	Hannah's pick for sleep

THE RULE

- ◆ Supplements are optional. Proper training, nutrition, and recovery are more important. No supplement replaces a calorie deficit for fat loss or sufficient food for muscle growth.
